PROFESSIONAL SUMMARY

Systems-driven growth and revenue operator with 18+ years building CRM, lifecycle, enablement, reporting, and automation infrastructure across telecom, insurance, ecommerce, education, and startup environments. Strongest where a company has traction but needs cleaner GTM handoffs, better operating visibility, scalable execution, and practical AI-assisted workflows.

CORE STRENGTHS

Revenue Operations and GTM Systems | CRM, Lifecycle, and Marketing Automation | AI-Assisted Workflow Design | Reporting, Dashboards, and Funnel Visibility | Process Design and Systems Integration | Onboarding, Enablement, and Adoption | Cross-Functional Handoffs | Operating Cadence and Change Leadership

SELECTED IMPACT

- Built HireHawk's RevOps and HRIS stack and designed AI-assisted recruiting workflows that reduced time-to-fill from 60+ days to under 21 days.
- Built lifecycle, enablement, partner, and reporting systems at Prosper Wireless that supported scale from roughly \$45 million to \$120 million-plus in a sales-led environment and reduced onboarding burden by about 50 percent.
- Led marketing, technology, and operations at Affordable Insurance Quotes, where a proprietary Zoho-based AMS helped cut policy sell time in half and supported growth from about \$290,000 to \$2 million in 18 months.

PROFESSIONAL EXPERIENCE

Growth Systems Consultant / Owner | Get Fractional

Oct 2022 to Present | Remote, part-time consulting

- Lead selective growth-systems and operating-infrastructure work across ecommerce and B2B businesses, emphasizing lifecycle, CRO, measurement, automation, and execution quality.
- Build connected workflows, measurement systems, campaign structures, and operating rhythms that reduce manual work and improve decision visibility.
- Use AI-assisted research, structured evaluation, and automation systems to improve decision quality and accelerate execution.

Director of Growth and Retention | Prosper Wireless

Sept 2023 to Nov 2025 | Remote

- Built onboarding, training, certification, compliance, lifecycle, partner, and reporting systems in a high-volume, sales-led telecom environment.
- Supported lifecycle and operating infrastructure across 600,000-plus activations or customers.
- Reduced agent onboarding burden by about 50 percent through training, enablement, and compliance systems.
- Co-developed Metabase dashboards and reporting infrastructure that improved leadership visibility.
- Structured 20-plus affiliate offers with CPA terms up to \$300 per order and supported partner-performance tracking.

Venture Lead, Internal Venture | HireHawk

Mar 2025 to Nov 2025 | Remote

- Led the internal venture build across positioning, website, RevOps and HRIS architecture, workflow design, and operating cadence.
- Designed AI-assisted workflows for profile generation, job-description creation, ATS publishing, sourcing, and screening using Workable, n8n, CrewAI, and related tools.
- Integrated Zoho One, Deel, Workable, and supporting automation into a repeatable recruiting operating system.
- Reduced time-to-fill from 60-plus days to under 21 days.

PROFESSIONAL EXPERIENCE, CONTINUED

Chief Marketing Officer | Affordable Insurance Quotes

Jun 2020 to Dec 2021 | Nashville, TN

- Led marketing, technology, and operations for a non-standard auto-insurance agency with fragmented funnel and operating infrastructure.
- Developed a proprietary Zoho One-based agency management system spanning sales pipeline, customer records, affiliate payouts, BI dashboards, reporting, support, HR, compliance, and finance.
- Built an affiliate-led GTM motion and coordinated the call-center, partner, and systems work required to scale.
- Helped scale revenue from about \$290,000 to \$2 million in 18 months and generated 30,000-plus leads; built operating infrastructure that helped expand the business from one to 16 states and cut policy sell time in half.

Marketing Operations Manager | Breakthrough Academy

Aug 2019 to Jun 2021 | Vancouver, BC

- Led the marketing department and coordinated internal specialists and external vendors across CRM, web, funnel, content, event, and reporting work.
- Led the migration from Keap and Infusionsoft to Zoho One to connect marketing, sales, customer experience, finance, and reporting.
- Built webinar, funnel, partner, and operating systems that reduced dependence on founder-led travel.
- Recruited, trained, coached, and led the marketing team while managing KPI and P&L reporting to leadership.
- Helped build a weekly partner-led webinar strategy that achieved 30 percent-plus conversion and outperformed the prior top event channel.

Director of Marketing | Bob's Watches

Jan 2017 to Dec 2018 | Orange County, CA

- Led a nine-person team and more than 15 vendors across CRM, analytics, web, design, SEO, paid media, content, and lifecycle execution.
- Led implementation and optimization of Microsoft Dynamics 365 for marketing automation and pipeline management.
- Built BI dashboards for acquisition, lifecycle, SQL, and margin visibility and used Jira to strengthen delivery cadence.
- Helped grow revenue from \$20.5 million to \$45 million in 24 months while orders, site sessions, email-driven sessions, and sales-qualified leads for the purchasing team increased.
- Grew the email list 225 percent to more than 250,000 subscribers through shared lifecycle and acquisition leadership.

ADDITIONAL SYSTEMS AND VENTURE LEADERSHIP

Dealer Acceleration Group, Co-Founder / Chief Revenue Officer | 2022 | SkyFineUSA, Chief Marketing Officer / Head of Growth | 2019 | Agency leadership beginning in 2007

- Led product, unit-economics, partnership, operating-system, and pivot work in a venture-backed fintech and insurance startup.
- Led requirements, wireframes, vendor coordination, and operating design for a deployed cloud ERP spanning accounting, manufacturing, inventory, subscriptions, shipping, and servicing.
